MEMORANDUM FOR: Directorate Planning Officers

SUBJECT: OMB Inquiries Concerning Possible
Reorganizations and Necessity for Staff
Functions

REFERENCE: MOR dated 30 Oct 72 from DD/PPB;
subject: Review of Fiscal Year 1974
Budget by James H. Taylor, OMB

1. As indicated in the reference, Jim Taylor is making a concerted effort to analyze Agency personnel requirements. As part of this effort, he has asked us about possible reorganization of current operations and about staff reductions or consolidations as means of saving resources.

2. I need your help in the form of Directorate comments on both of these issues to try to articulate an Agency response. The essential questions (given the assumption that your present organization is meaningful and deliberate) are: is there nevertheless any activity in your Directorate which could be reorganized so as to produce manpower or other savings without serious loss of efficiency or effectiveness; and, is there any existing staff function which could be reduced or eliminated without serious loss of efficiency or effectiveness?

3. When I get your replies, I will discuss the issues with the Executive Director-Comptroller and will prepare an Agency response. In order to fit within Taylor's schedule, I need your responses not later than Friday, 10 November 1972.
